Attention

Currently Big Brothers Big Sisters (BBBS) of Windham County have a couple of openings for a Big Sister to match up with a young girl who might benefit from having a special friend who would do things with them on a weekly basis. If you think you would like more information about how this works or would like to explore finding

a match for your child, you can contact Mrs. Rayl at school or call BBBS directly at 257-0361.

What's Happening in 5P?

There are so many exciting things happening in fifth grade along with lots of changes. We have a new student from Green Street, Liam Reynolds, and a Keene State Intern, Erica Mickel. It is great to have them as part of our class.

In Social Studies we have finished our Early American unit, which culminated with kids aking 3D projects of a specific Native American tribe. Look for these to be on display soon in the library. Ms. Mickel is now starting a unit on European Explorers and has a lot of exciting ideas for your children.

We have been working on a hands-on fraction unit which has been fun, but soon we'll be starting a new unit using polygons. In Literacy we are about to start writing reports, and Ms. Mickel has started teaching a poetry unit.

If you visit fifth grade any time soon, I think you'll notice A LOT of energy among everyone. They are very much ready for warmer weather, longer days, sunshine and outdoor activities! Patience is a virtue these days!
